Summary:

Dravyaguna department of SMBT Ayurved College had arranged Exhibition of Medicinal plant FLORA OF SMBT 2018 at 18.09.2018. Principal of Ayurved College Dr. Bhabad Sir, Principal of SMBT Dental Dr. Jagtap, Principal of SMBT B.Pharmacy Dr. Dhak Sir and Principal of SMBT D.Pharmacy Dr. Ushir Sir were the chief guests for this program. The main concept of the program was Introduction of Various Medicinal Plants to Layman.

After Dhanwantari stwan and dignitarics started the program by lighting lamps to lord Dhanwantri. All II BAMS students gave information of medicinal plant & demonstration. The second year students showed one Powerpoint Presentation in which they described the importance of plants in their lives. Enough information was given to all about the disease kalpa and their quantity.

The program was guided by and Dr. Wankhede Sir Dr. Maniva Gavit Mam.

Thank you Resp. Principal sir & Dravyaguna Department.

### Report of Awareness Program on ADHD through Poster Presentation, Role Play & Lecture

**Name of the Activity** – ADHD Awareness Program

**Date and Time** – 12-10-2021 Time : 3:00 PM to 04:00 PM

**Location** – Seminar hall, SMBT Ayurved College, Nashik

**Name of Department** who organised program – Kaumarbhritya Department

**Participants** – Teaching staff, PG Students of Kaumarbhritya Department

#### Summary

Today on 12-10-2021 on the occasion of World ADHD Awareness day various activities were organised by the Department of Kaumarbhritya of SMBT Ayurved College. Teaching staff of SMBT Ayurved College, PG students from all department and Students of 3rd year BAMS were involved in the event.

Kaumarbhritya department's Pre-MD students performed activities like **Role play, Poster presentation** and **powerpoint presentation** for ADHD Awareness. Through the skit they presented, how does the ADHD child behave? Difference between Normal & ADHD child behaviour and the recovery possibilities in ADHD children after proper treatment. They concluded the skit with a positive note "**This is called ADHD, NOT bad parenting**". Skit was followed by Poster presentations. Through posters information regarding factors affecting the disease and life style changes required in the ADHD were shared with the audience. After that all the participants were versed with powerpoint presentations to sum up the whole awareness of ADHD. Both the sessions were informative and well appreciated by the participants. Later Respected principal Dr. Pradeep Bhabad sir concluded the session by appreciating and encouraging students who took active participation in the activity.

Activity was conducted by all the teaching staff of Kaumarbhritya Department along with Pre M.D. students of the department.

Total 84 attendees were present for the event.

### A brief Report of Debate Competition taken in 3<sup>rd</sup> year class

As per the new teaching method, the Dept. of Agadtantra arrange a debate on Utility of Poison on 26- 02- 2021.

Two groups were divided by random selection and time given to them for preparation of topic. Two speakers from each group are selected by students, who explained their views on the subject. After that each student participate in the debate and explain their views.

Overall all students enjoyed the debate. They learn the topic with addition in their personality and speak fearlessly on stage.

Dr. Shrihas C. Pagare handled all the event under guidance of Dr. Kiran O. Mantri.

III Year Coordinator

Feedback form.

Date - 26-2-21

On 26<sup>th</sup> Feb, we had a debate on the topic - "Benefits and harmful effects of poisoning", for that we made two groups, one was in the support of the motion and one was against.

We got to learn a lot of things like poison have its own pros and cons. It depends on human how he uses the poison, it can be either beneficial or harmful to mankind.

Poisons can be safely used and be beneficial to society when used appropriately, eg. use of pesticides.

Poisons can be harmful also, and used as homicidal, suicidal, abortifacient etc.

We got to know, new facts about poisons and others opinion about poisons. It made us collect information about poison, which is very helpful for us, and everyone was actively participated in the debate.

Date: 26/02/2021

## \* Feed Back Form \*

Feedbacks of the Debate held by Don Shrinhas Pargare Sir:-

- 1) The Debate was too good as the students were able to learn new thing about the topic poison.
- 2) Mutual understanding and a sense of self-confidence and a courage to speak in front of everyone has improved.
- 3) Bonding between student's have improved.
- 4) Hope that more debate like this should be conducted every week at least one by you sir.
- 5) ~~Thank you~~ By this debate we were able to know the positive and negative aspect of the topic.
- 6) Thanking you.

**REPORT OF Debate Competition****Date and Time of the Activity-** 12/04/22 @ 1:40-02:40 pm**Location-** Fourth year class room**Resource Person-** HOD and Teaching Staff of Department of Kayachikitsa**Name of the section who organized the Activity-** Dept. of Kayachikitsa.**Aim/Agenda of the Activity-** To know about the advantages and disadvantages of shaman and shodhan therapy**Summary of Activity-**

1. Two groups were divided among the students. Group A as Shodhan and Group B as Shaman.
2. Two minutes given to each group to present the advantages of Shodhan and shaman chikitsa.
3. Shaman has many different aspects of chikitsa like dosha dushya chikitsa, kha vaigunya chikitsa, rasayan and vajikaran chikitsa and manasdosha chikitsa which help to cure the disease from its roots. Shodhan chikitsa includes Vaman, Virechan, Basti, Raktamokshan and Nasya.
4. Shodhan group told the importance of Shodhan chikitsa. Without shodhan complete or shudha chikitsa is not possible.
5. Rebutale against shodhan was done by shaman group. Shodhan is contraindicated for Baal, vrudha and kshinbal rugna. Also when doshas are present in their utakleshavastha and at their vital places – swasthan then and then only shodhan is possible.
6. Shodhan is process under specific conditions and environment these can be done only.
7. After shodhan- specific diet and lifestyle must to be followed / sansarjan kram.
8. For shaman it is a chikitsa or treatment of Agni- Jatharagni and Dhatvagni.
9. Shaman is possible for maximum patient's perspective of age, status, disease condition, etc.
10. Shaman is indicated in both saam and niraam avastha where shodhan is contraindicated in samaavastha.
11. According to the shatkriyakaal, shaman is indicated at maximum stages of formation of disase like – Chaya, prasar, sthansanshraya, vyakti and bhed.

12. For geriatric patients, it's always contraindicated the shodhan procedures. Now a days maximum number of patients are of a from geriatric group. For these patients we can advise shaman therapy which can be given for long term duration also.
13. The judges had given the marks to each group on basis of Debate Scoring Sheet.
14. Total marks got to the each group from the Judges will be added. Out of a 300 marks % for each group will be calculated. The winner and runner up will be announced as per the % of marks. Winner of event was i.e. Group B- Shaman group awarded with small gift.
15. When took a review about the event from faculties & judges Gave the suggestions for the improvement of such events in future.
16. Vote of thanks was given by Dr Varsharani Niphade -HOD department Of Kayachikitsa

## Report of Roleplay & Presentation on ADHD

**Name of the Activity** – Student Centric Learning Methods: Role play on ADHD

**Date and Time** – 12-03-2022 Time : 12:00 PM to 01:00 PM

**Location** – Seminar hall, SMBT Ayurved College, Nashik

**Name of Department** who organised program – Kaumarbhritya Department

**Participants** – Teaching staff, PG Students of Kaumarbhritya Department

### Summary

Today on 12-03-2022 role play on ADHD under student-centric activity was organised by the Department of Kaumarbhritya of SMBT Ayurved College. Students of 3rd year BAMS were involved in the learning. Students were taught about the Attention deficit hyperactivity disorder.

Kaumarbhritya department's Pre-MD students performed activities like **Role play** and **powerpoint presentation** for ADHD Awareness. Through the skit they presented, How does the ADHD child behave? Difference between Normal & ADHD child behaviour and the recovery possibilities in ADHD children after proper treatment. They concluded the skit with a positive note "**This is called ADHD, NOT bad parenting**". After that all the participants were versed with powerpoint presentations to sum up the whole awareness of ADHD. Both the sessions were informative and well appreciated by the participants. Later question answer session was taken and all the queries of students were cleared. Dr. Jitesh Thakur concluded the session

Activity was conducted by all the teaching staff of Kaumarbhritya Department along with Pre M.D. students of the department.

A total of 51 students were present for the activity.
